

# GRAND CANYON GAS LOGS OLYMPUS FIRE TABLE COLLECTION

Table shown in white with optional glass wind guard.

## Grand Canyon Gas Logs has expanded its Olympus Fire Table collection.

The Olympus Fire Table collection is constructed from GFRC (Glass Fiber Reinforced Concrete) with color dyed through in through & molded off our proprietary designs. Our fire table are designed to complete your outdoor entertaining experience featuring angled side, over 10" of table top space for plates & beverage glasses and ambiance flame effect for adding to the mood or taking the chill off a cool night. The new LP tank Series features 24" tall designs with a built-in Thermocouple system and side mount access door to easily conceal a standard 5-gallon Propane Tanks. Designed in our 60" x 30" rectangular table, the LP tank version allows you to drop-in place this stunning design without having to hard plumb for gas. The rectangular table features a 36" linear drop-in burner, available in 5 unique colors and with accessory options such as wind guard. For the media add one of seven unique 1/2" Reflective glass colors, Lava Rock, Tumbled Lava Stones, Arizona Weathered Oak or Western Driftwood fire pit logs. For more information and products, visit the Athena Fireglass website – <https://www.athenafireglass.com>.
